

CAMP DEEP END

Reading Strategies:

Week 1:

Make Connections: Connect what you read to what you already know. Making connections on three levels 1) Text – to – Self, 2) Text – to – World, 3) Text – to – Text.

Week 2:

Use Fix-Up Strategies: Use different tools as a reader to help out whenever they get stuck on a word or a new idea.

Week 3:

Infer: Teach the reader to use their own ideas to help them understand what they have read.

Week 4:

Create Images: Help the reader to create images in their mind as they read. Being able to say at the end of a text, "Wow that was a great movie!"

Week 5:

Determine Importance: Think about and pull out the most important ideas from a text.

Week 6:

Synthesize: Have the reader bring together parts of a text to make a new idea.

Week 7:

Monitor Understanding: Have readers check to make sure that they are understanding what they are reading.

Week 8:

Ask Questions: Readers learn to ask themselves different questions while they read to help them understand the text.

Mathematics

Focus on number sense skills in a game based format. Different manipulatives will be used to strengthen each child's leveled number sense.
